

Your success is our objective!

We therefore maintain close contact to dealers and tanning salons, to suppliers and partners – worldwide. We research, develop and provide information. We proactively support a sound growth of the industry.

This enable us to offer products, services and concepts which ensure that our partners and customers achieve sustained success.

We are committed to the idea of providing people with vitality and quality of life. Through our many years of experience we know what we're doing and we also take responsibility for people and the environment.

Global state-of-the-art production plants, a spectral laboratory in Stuttgart and cooperation with ISO-certified partners ensure the best possible quality.

Quality management: Control and function test

COSMEDICO HIGH-PRESSURE LAMPS

The performance of the sunbed depends to a high degree on the lamps installed. Cosmedico high pressure lamps impress due to their solid performance level over the entire useful life of at least 1,000 hours.

The high-pressure lamp range of Cosmedico comprises lamps of all relevant types on the market from 400 to 2000 watts.

Whether Quartz glass* or ozone-free glass, base GY9.5, G12, R7s or with wire, Cosmedico provides optimal solutions for the professional application.

Feel free to ask us about further bases.

Quality guarantee

All important details of the lamps meet the highest standards:

The glass, the discharging condition, components and the electrode material.

Production and quality control are optimally attuned so that a constant level of product quality is guaranteed irrespective of the cost.

**For your customers, that means:
safe tanning and pure enjoyment with
Cosmedico high-pressure lamps.**

You are on the safe side with Cosmedico's high-pressure lamps.

**Feel free to ask us also about our
filter glass range.**
