

## Your success is our objective!

We therefore maintain close contact to dealers and tanning salons, to suppliers and partners – worldwide. We research, develop and provide information. We proactively support a sound growth of the industry.

This enable us to offer products, services and concepts which ensure that our partners and customers achieve sustained success.

We are committed to the idea of providing people with vitality and quality of life. Through our many years of experience we know what we're doing and we also take responsibility for people and the environment.

Global state-of-the-art production plants, a spectral laboratory in Stuttgart and cooperation with ISO-certified partners ensure the best possible quality.

## COSMEDICO PLUS

Let us inspire you. We are happy to provide you with ideas for new advertising concepts, and advise you on your campaigns.

**Call our infoline on 0800-161 79 00 within Germany, otherwise call +49 711-540 04-0.**

The infoline is also on hand to answer all questions related to tanning.

“One-stop shop”: In addition to our main products, we also supply you with special accessories such as cleaners, filter glass and advertising material.

### **Cosmedico Cleaner**

**Cosmedico Destacryl cleaner** and **Cosmedico Destacryl cleaner coco** put the shine back on your sunbeds. **Cosmedico Destacryl cleaner** is a cleaning concentrate specially designed for sunbeds. It is skin-tolerated, eco-friendly and biodegradable. The coco variant also gives your studio a pleasant coconut fragrance.

### **Your advantages at a glance:**

- Time-saving yet thorough cleaning, thanks to short application time.
- Skin-tolerated, eco-friendly and biodegradable
- Gentle preservation of your acrylic surfaces
- Very economical, as used diluted 1:5

### **Cosmedico advertising materials**

For your open day, anniversary or day-to-day business, we keep a large selection of promotional gifts, decorative material and very useful accessories available for you.

### **Ask about our current offers!**

### **Radiometric measurements**

We offer manufacturers TÜV-certified spectral measurements for sunbeds.

### **Customised sunlight with the Cosmedico UVA Test 3000.**

The **Cosmedico UVA Test 3000** can be used in all standard sunbeds on the market for the measurement of high- and low-pressure lamps. Obtain precise measurements in a particularly simple way.
